

Intensive Home-based Therapist

This is a full-time employee position located in Lenawee County providing therapy to families at risk who are involved with the Probate Court or DHHS. Therapy is provided using an evidence-based multi-systemic family model; identifying key processes in family functioning and resilience to inform strengths-oriented family intervention. Over the course of a four-month period each family will participate in approximately 60 sessions. Hours in this position are flexible and include on-call assistance. A full-time therapist will work with no more than four to five families at one time. Must have a Master's degree in Professional Counseling or Social Work and be licensed in the state of Michigan. A strong interest in Substance Use treatment is necessary as a CAADC (MCBAP) Certification or Development Plan is required. Parkside will provide all needed supervision to support a CAADC Development Plan. To apply send a resume with cover letter to parkside@parksideforfamilies.com.

Requirements:

Masters in Social Work or Professional Counseling
Licensed in the State of Michigan
Previous work with families preferred.
